## Test Scores > Maintenance > Individual Maintenance > TAKS

The Texas Assessment of Knowledge and Skills (TAKS) page allows you to view and update a student's TAKS data. Alternatively, you can use the Import Test Scores utility to import TAKS test data.

The TAKS tests are based on the state standards indicated in the Texas Essential Knowledge and Skills (TEKS) curriculum, and measure the degree to which students understand the curriculum.

When you change data on this page, the corresponding fields in Registration are simultaneously updated.

### Required fields:

The following fields must be entered in order to save a TAKS record:
