A message from your campus is automatically displayed in the Campus Message window when you log on. Click **Close** once you have read the message.

Units Remaining:

To begin selecting courses, you must have the appropriate number of **Units Remaining** available. The **Units Remaining** field is located in the left-side navigation bar.

Units Remaining is the number of units available for you to select from the **Available Courses** section.

- Most courses are worth two units because the course is two semesters long. The units depend on your campus and the number of semesters required for the course.
- The number of units required for each course is displayed in the **Units** column of the **Available Courses** section.
- Once **Units Remaining** is zero, a warning message is displayed notifying you that you will not be able to select additional courses unless you remove a previously selected course from the **Requested Courses** section.
 - **Units Remaining** will decrease as you add courses.
 - **Units Remaining** will increase as you remove courses.

Select courses:

Subjects are listed across the top of the page.

Click the subject area you want to view.

When you click a subject area, the list of courses under the **Available Courses** section will change to correspond with the subject selected. For example, when you click **Science**, all courses in the **Available Courses** section will change to science classes available at your campus.
