Welcome ASCENDER StudentPortal!

StudentPortal is a Web-based system for students like you, and is a tool that will help you organize and plan your schedule of classes. StudentPortal includes two applications, Student Course Requests and Student Graduation Plan. Both applications provide real-time data that can be accessed from anywhere with an Internet connection (school or home).

## What are Student Course Requests?

**Student Course Requests** is an application that allows you to request courses for the next school year, including alternate courses. Once you submit your course requests, you cannot go back to change them. If you need to make changes, you will need to visit with your counselor.

## What is a Student Graduation Plan?

**Student Graduation Plan** is an application that allows you to view and change your graduation plan, and to view and print the summary and detail of your course credits.

Graduation plans are for high school-level students only. Any coursework completed prior to the 9th grade will be reflected in the remaining credits needed, which can be viewed through the Credit Summary and Credit Detail pages of the StudentPortal Student Graduation Plan application.
