To access TeacherPortal, you must log on. If you are a new user and do not have a user name, you must create a user name.

Returning teachers must re-register each year before logging on, as all TeacherPortal non-administrative user accounts are deleted at the end of each school year. Administrative user accounts are retained.

WARNING: If you have three unsuccessful attempts to log on (invalid user name/password combinations), the system locks out your account. If your account is locked out, please contact your campus administrator to have your account reset.

If the district has disabled TeacherPortal, the message “TeacherPortal is Unavailable” is displayed.

The screenshot shows the Ascender TeacherPortal login interface. At the top left is the 'ASCENDER TEACHERPORTAL' logo. In the top right corner, there are links for 'Help', 'Facebook', 'Twitter', and 'LinkedIn'. The main login area contains a 'Login' button and a 'Create Account' button. Below these are input fields for 'User Name' and 'Password', followed by a red 'Login' button. Links for 'Forgot Password?' and 'Forgot User Name?' are located below the password field. The background features a large, semi-transparent Ascender logo and the text 'ASCENDER ELEVATING TECHNOLOGY SOLUTIONS ascendertx.com'. At the bottom left, a small disclaimer states: 'Only authorized personnel are allowed to use the system for authorized purposes. By logging on, you acknowledge that you are an authorized user. © 2020 Texas Computer Cooperative'. At the bottom right, there is a 'TCC Accessibility Statement' link and 'Supported Browsers' icons.
