User Information:

The screenshot shows the 'User Information' step of the account creation process. The progress bar indicates that the 'User Information' step is currently active, while 'Basic Information', 'Security Question', and 'Complete' are yet to be completed. The form contains three input fields: 'Staff ID', 'Last Name', and 'First Initial'. Each field has a small icon to its left (a person icon for Staff ID and Last Name, and a magnifying glass for First Initial). At the bottom right of the form, there are two buttons: a green 'Next' button and a white 'Cancel' button with a red border.

Staff ID	Type your staff ID number.
Last Name	Type your last name
First Initial	Type the first letter of your first name.

Click **Next**.

If you entered the data correctly, the Basic Information step opens.

Basic Information:

The screenshot displays a registration form with a progress indicator at the top. The 'Basic Information' step is active, indicated by a red dot. The form contains the following fields:

- User Name: [User Name]
- Password: [Password]
- Password Verification: [Password Verification]
- Current PIN: [Current PIN]

Navigation buttons at the bottom right include 'Back' (green), 'Next' (green), and 'Cancel' (white).

User Name	Type a unique user name that will identify you when you log on to the system, such as a combination of letters from your first and last name. <ul style="list-style-type: none"> Your user name must be 6-25 alphanumeric characters and must be unique within the district. Your user name is not case-sensitive. If you type a name that is already used, available alternatives are suggested.
Password	Type a password that you will use when you log on to TeacherPortal. Requirements: Between 16 and 46 characters. Must include at least one of each of the following character types: <ul style="list-style-type: none"> Uppercase letters (A-Z) Lowercase letters (a-z) Numbers (0-9) At least one allowed special character
Password Verification	Retype the password exactly as you typed it above. This step confirms that you typed your password as you intended.
PIN	Type a four-digit numeric personal identification number (PIN) that you will use when you post data in TeacherPortal. Avoid using 1234, 4321, or all the same number, as these are common and easily guessed.

Click **Next**.

If you entered all required data correctly, the Security Question step opens.

Security Question:

The screenshot shows a registration form with four steps: User Information, Basic Information, Security Question (current step), and Complete. The Security Question step is highlighted with a red dot. Below the progress bar, there is a prompt: "Provide answers to three different questions. The information will assist you in resetting your password." The form contains three question-answer pairs:

- Question 1: Mother's maiden name. (Dropdown menu)
- Answer 1: Answer 1 (Text input field)
- Question 2: High school mascot? (Dropdown menu)
- Answer 2: Answer 2 (Text input field)
- Question 3: Where were you born? (Dropdown menu)
- Answer 3: Answer 3 (Text input field)

At the bottom right, there are three buttons: "Back" (green), "Next" (green), and "Cancel" (white with red border).

Question	Select three questions to which you will provide an answer. The questions are asked in the event that you forget your password. You must select three different questions. You cannot repeat any questions/answers.
Answer	Type the answer to each question. If you forget your password, you will be required to answer the question correctly in order to recover your account. Be sure to select questions for which you will easily remember your answer. Answers are case sensitive.

[Generate seating chart report.](#)

[Reports > Seating Charts](#)

This report prints a teacher's seating charts for all periods or one period. For each period, the seating chart is displayed followed by a list of students who are not assigned to seats. The seating chart lists the student name, gender, and ID.

If printed for all periods, each period prints on a separate page.

NOTE: If that field has been changed, and the seating charts have not been re-saved on [Settings > Manage Charts](#) since the setting was changed, a warning message is displayed when the report is generated indicating that the reports will not be accurate until the Manage Seating Charts page has been re-saved. You must review the seating chart for each period on the Manage Seating Charts page, make any necessary changes, and then re-save each chart.

Specify report options:

Semester	The current semester is displayed. You can select a different semester.	
Period	Select the period-course(s) to print the seating chart for, or select <i>ALL CLASSES</i> to print seating charts for all periods. If Combine Courses in Attendance is selected on your Settings > Update Profile page, the courses are combined by period.	
width	Select the width setting for the report.	
	Fixed Seat Width	Select to print a report in which all seats are the same width. This setting works for small and average-size classes. For larger classes, some seats may not print on the page.
	Auto-Adjusted Seat Width	Select to print a report in which each column is adjusted to the student name. Each column is only wide enough to accommodate the longest name in the column; therefore, some columns are wider than others. This setting is a better option for larger classes.
For either width setting, you can adjust the orientation when you print. Select Landscape to increase the number of students that fit on the page.		
Show Pictures	Select to display student photos in the seating chart. Photos are only available if they have been added by the district.	

Click **Generate**.

- The report opens in a new window, and you can print the report from that window.
- The report selection page remains open on your desktop.

long-term substitute teacher must create a txGradebook account in order to log on to txGradebook.
