### Attendance Reports:

[Attendance > Attendance Rosters](#)

[Attendance > Attendance Rosters](#)

This page allows you to print attendance rosters for one course or all of your courses at one time. A signature line is provided at the bottom of each period-course.

<b>Date</b>	Type a date in the MMDDYYYY format, or click  to <a href="#">select a date from the calendar</a> .
<b>Semester</b>	The current semester is displayed by default. You can select another semester.
<b>Period</b>	Select the period-course for which you want to print the roster. Or, select <i>ALL CLASSES</i> to print rosters for all periods.
<b>Sorting Options</b>	Indicate if you want to sort the rosters by student ID, last name, first name, or course-section.

Click **Generate**.

- The report opens in a new window, and you can print the report from that window.
- The report selection page remains open on your desktop.

[Reports > Attendance Verification](#)

[Reports > Attendance Verification](#)

This report displays attendance for all of your students for a selected course-section and date range. You can view data for up to one semester. You can also generate a summary report that displays only totals for the selected date range.

The following codes are used:

- A - Excused absence

- S - School-related absences
- T - Tardy
- X - Truant

An asterisk next to the attendance code indicates that the absence or tardy occurred in a course other than the course the student is currently enrolled in (e.g., if he transferred from one course to another during the school year).

#### NOTES:

- Inservice work days are indicated with an I in the column heading.
- Saturday may be a valid attendance date, even if the course does not meet on Saturday. This may be used for bad weather makeup days.
- If you are printing the report for more than three weeks, you should set the printer orientation setting to landscape or the **Page Scaling** field to *Shrink to Printable Area*. If the *Shrink to Printable Area* setting is not enabled, the landscape orientation will accommodate up to six weeks plus the **Total** column per page. Additional weeks (up to one semester) can be generated by entering the appropriate dates in the **From Date** and **To Date** fields; however, the report will print on multiple sheets of paper with a **Total** column on each page.
