# Admin Options

## **TeacherPortal Admin > Admin > Admin Options**

This page is only available to users who log on to TeacherPortal with a district- or campus-level security administrator user ID.

This page allows you to select the teacher for whom you want to log in with administrator privileges. After you select a teacher from this page, you can access TeacherPortal as if you were that teacher; however, there are some differences:

- The Admin menu is displayed in the main menu. Click **Admin** to return to this page to select another teacher.
- In the Settings menu, the Update Admin Profile menu item appears instead of Update Profile.

There are multiple levels of administrator access:

- Administrator with full access - You can perform all functions, including saving, posting, and printing.
- Inquiry-only access - You can view all pages, but all buttons (except Print buttons) are disabled. Even if you change data in a field, you cannot save changes, so all changes will be lost when you leave the page. Inquiry-only users can print data.

Any changes you make while you are logged in as an administrator are logged with the administrator user ID. This allows you to distinguish between changes actually made by the teacher and changes made by an administrative user.

### **Select a teacher:**

Log in using your administrative user ID and password.

The Admin Options page opens instead of the Announcements page.

<b>You are logged in as</b>	Your administrator access level is displayed:  <b>maintenance administrator</b> - You have full access.  <b>read-only administrator</b> - You have read-only access.  <b>discipline administrator</b> - You have discipline-only access.	
<b>You have administrative privileges for</b>	Your campus access level is displayed:  <b>all campuses</b> - You are a district-level administrator, and all campuses in the district are listed in the <b>Select Campus</b> field.  <b>multiple campuses</b> - You are a multi-campus-level administrator, and all campuses you have been given access to are listed in the <b>Select Campus</b> field.  <b>campus ID</b> - You only have access to one campus, and only one campus is listed.	
<b>Run as Teacher</b>	<b>Select Campus</b>	Select the campus of the teacher you want to impersonate.  If you are a district-level administrator with “all campuses” access, all campuses in the district are listed.  If you are a multi-campus-level administrator with “multiple campuses” access, the campuses you have been given access to are listed.  If you are a discipline-only user for a campus, the campus is only listed in the drop down allowed by the district.
	<b>Select Teacher</b>	The list is filtered according to the selected campus and includes all teachers at the campus who currently have a user ID for TeacherPortal.  The list is sorted alphabetically by the teacher's last name and includes the instructor ID.  If a teacher teaches at more than one campus, the teacher's name is displayed for each campus.

Once you select a campus and teacher, the campus name, teacher name, and instructor ID are displayed in the left-side navigation bar.

- Select a page from the main menu to access a page.
- To return to this page to select a different teacher, select Admin Options from the Admin menu.

### **View logging status:**

---

<b>Logging Status</b>	The field indicates when logging is in a working state or disabled.
	<b>Note:</b> Make logging changes on the <a href="#">TP Setting</a> page to the <b>Logging Off</b> field.
	“Working” (green text) - Logging is in a working state.
	“Disabled” (orange text) - Logging is disabled in the database.

### Mark ready to post:

<b>Admin Options</b>	<p>Click the link to expand the section. The <b>Mark Ready to Post</b> button is displayed.</p> <p><b>Mark Ready to Post</b> Click to mark all courses at the campus as ready to post, including any courses where the teacher has not clicked <b>Mark grades as Ready to Post</b> on the Cycle Grades page. The button is only displayed for current cycles that are open for posting.</p> <p>The following is also displayed:</p> <ul style="list-style-type: none"> <li>• The campus, semester, and cycle for which you will be marking courses as ready to post.</li> <li>• The number of courses that have already been marked as ready to post (before clicking the button).</li> <li>• The number of courses that have not yet been marked as ready to post (before clicking the button).</li> </ul> <p>You are prompted to confirm that you want to mark all remaining courses as ready to post.</p> <div data-bbox="304 399 1029 608" style="border: 1px solid black; padding: 10px;"> <p>uattxeis.txeis.net says</p> <p>Do you really want to mark all remaining courses ready to post?</p> <div style="text-align: center; margin-top: 10px;"> <span style="border: 1px solid #ccc; padding: 2px 10px; border-radius: 5px; background-color: #e0e0e0;">OK</span> <span style="border: 1px solid #ccc; padding: 2px 10px; border-radius: 5px; background-color: #e0e0e0;">Cancel</span> </div> </div> <p>Click <b>OK</b>.</p> <p>A message is displayed indicating that courses were posted.</p> <div data-bbox="304 714 876 938" style="border: 1px solid black; padding: 10px;"> <p>Admin Options Click the title above to reveal additional administrative options.</p> <p><b>Ready to Post:</b> Mark Ready to Post for Campus 001, Semester 2, Cycle 2 339 Courses have already been Posted or Marked Ready to Post. <span style="color: red;">←</span> 0 Courses have not been Marked Ready to Post <span style="color: red;">←</span></p> <p><b>Mark Ready to Post</b></p> </div> <p><b>View Courses Marked Ready to Post</b> Click to view a report of all courses that have been marked as 'Ready to Post.'
