

# student\_profile\_information

# Table of Contents

Student demographic information is displayed at the top of all Student Profile pages, including the student ID, name, birth date, Texas unique ID, grade level, entry date, withdrawal date, control number (if available), and sex. The student's physical address, mailing address, and phone number are displayed.

<b>Special Programs</b> <b>Generic Programs</b>	Special program and generic program participation may be displayed depending on district and campus settings.	
<b>Medical Alerts</b>	The medical alerts section is displayed for any student who has medical circumstances you should be aware of. This information can be accessed by clicking the student ID of any student who has a Star of Life icon * on <a href="#">Attendance &gt; Post/View Attendance</a> or the <a href="#">Grades &gt; Assignment Grade</a> .	
	<b>Medical Alert #</b>	Medical alert information entered by the school nurse is displayed, only displayed if nurse has selected <b>Consent to Display Alert</b> in the Student system.
	<b>Action/Intervention</b>	Any necessary actions or interventions a staff member may need to take for the student are displayed.
