Welcome to TeacherPortal!

To access TeacherPortal, you must log on. If you are a new user and do not have a user name, you must create a user name.

Returning teachers must re-register each year before logging on, as all TeacherPortal non-administrative user accounts are deleted at the end of each school year. (Administrative user accounts are retained.)

**WARNING:** If you have three unsuccessful attempts to log on (invalid user name/password combinations), the system locks out your account. If your account is locked out, please contact your campus administrator to have your account reset.

**NOTE:**

Logging on is disabled under the following conditions:

- The district has disabled TeacherPortal. The message “TeacherPortal is Unavailable” is displayed.
- The district is not fully set up to use TeacherPortal. A message is displayed indicating the information that is still needed for setup (e.g., hint questions have not been added).
- If JavaScript support is disabled for your browser, a message is displayed indicating that JavaScript is disabled and notifying you that TeacherPortal cannot be used properly until JavaScript support is enabled.
