Special Program

Reports > Special Programs

This report is only available to users who log on to TeacherPortal with a district- or campus-level security administrator user ID, or to teachers who have access to run the special programs report.

This report lists of the special programs for each student in the class.

Only the special programs selected by the campus are included. If enabled, the **Generic** column appears in the report and displays program information.

Generate the report:

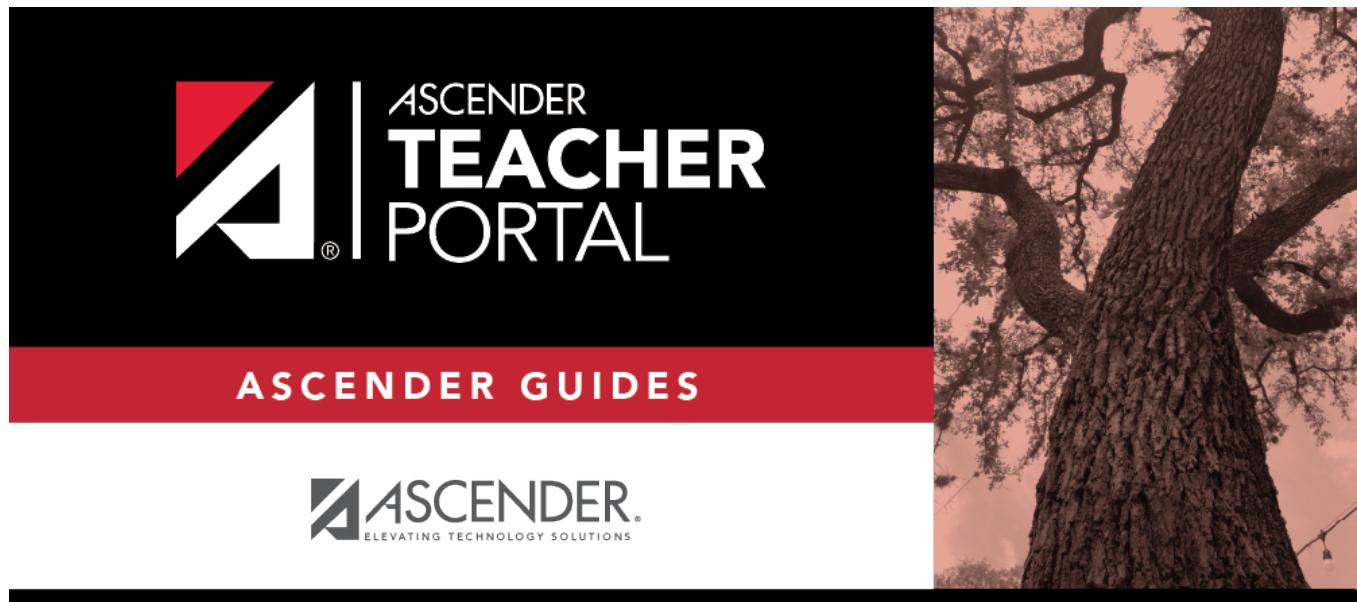

Specify report options:

Semester	The current semester is displayed. You can select a different semester.	
Course-Section	Select the course-section for which to print the report. The drop down lists the two-digit period and course name. The course number and section number are in parentheses.	
As Of Date	Type a date in the MMDDYYYY format. Or, or click  to select a date from the calendar .	
Viewing Options	View Student Names	Select to display the student names on the report. Otherwise, the names are not printed on the report, and students can only be identified by their student IDs. The student IDs are always displayed on the report.
	View Current or All Course Section(s)	Select one: Current Select to narrow student data to only course-sections for the current semester-cycle. All Select to print student data for all course-sections.
	These options are disabled if you are logged on as an administrative user and select Across Campus under Admin Options .
