State Reporting > Utilities > Import External File

Some districts may update data in TSDS tables from a text flat file created outside TxEIS where each row in the file corresponds to a TSDS record. **This only applies to Student-only districts.**

The only TSDS record types available for importing are:

- Organization-District (010)
- Organization-Campus (020)
- Finance-Budget (030) (not used for Midyear)
- Finance-Actual (032)
- Finance-SSA Actual (033)

IMPORTANT! Only these record types can be imported. All other records are skipped.
