Actual Extract Automatic Crosswalks 1

Actual Extract Automatic Crosswalks

If your district maintains actual data in greater detail than the state-mandated level, the detail is summarized to the state-mandated level. The automatic crosswalks in the PEIMS extract program perform the summarization.

The state-mandated level of detail for actual data can be found in the TEA Financial Accountability System Resource Guide.

The extract program automatically changes the following actual data being extracted to PEIMS:

Account Code Description	Account Code	PEIMS Code
fund	> 160 and < 199	199
fund	> 287 and < 289	289
fund	> 367 and < 379	379
