

**classroom\_resp\_service\_id**

# Table of Contents

SERVICE-ID (E0724)

Code table: C022

Select the code indicating the services supplied by the employee. Local service IDs beginning with 8 or 9 can be manually entered.

If highlighted in red, the value entered is not a valid selection in the drop down. However, if the service ID matches a local service ID mask value on the table, the program will allow the value when saving the record.

Click  to add or change the code for the field.
