For an employee on contract, determine the percentage directly from the contract (i.e., full-time=100, half-time=050, etc).</p> <p>For a non-contract employee, determine the percentage as follows: Example: The standard work day for the district is 7 hours. The employee is hired to work for 4 hours a day. Auxiliary Role ID	<p>AUXILIARY-ROLE-ID (E1594) Code table: C213</p> <p>Click  to select the capacity in which a non-exempt auxiliary employee serves. This must be reported for all employees who serve in a non-professional or non-paraprofessional role. Employees reported with an Auxiliary Role ID are reported with the base pay associated with object code 6129. Professional and paraprofessional staff may also be reported with an Auxiliary Role ID if they serve the LEA in a non-professional or non-paraprofessional role. A classroom teacher (Role ID 087) who also drives a bus route for the school would require an Auxiliary Role ID to be reported. In this case, the employee would have at least two payroll accounting entries: one with object code 6119, and one with object code 6129.</p> <p>Because there may be duplication between Role ID and Auxiliary Role ID, the district must use its discretion in determining if the employee is serving in a professional or non-professional capacity.</p>
