# Core Collection: Early Childhood Data System - KG Submission (Updated 2023-2024)

The Early Childhood Data System (ECDS) collection is one of the TSDS Core Collections. This guide covers the submission of kindergarten (KG) data. (Pre-kindergarten data is submitted separately.) The reporting of KG program data for ECDS is mandatory for all public school districts and open-enrollment charter schools that administer a test from the [Commissioner's List of Approved Kindergarten Assessment Instruments](#).

LEAs are required to submit specific demographic, classroom link, and special program data elements for the ECDS KG collection. All elements will be submitted in the TSDS Core Collections.

**The ECDS KG submission is due January 25, 2024.**

**NOTE:** The assessment vendor will provide the ECDS KG assessment data directly to TEA. LEAs should contact their assessment vendor for any issues or for the specific timeframe for when their results will be provided to TEA.

[Extract Rules and Edits for 2022-2023](#)

**IMPORTANT:** Each LEA will have unique situations. Some of the dates, images, and examples provided in this document are for informational and instructional purposes only and may not completely represent your LEA's process.

## Prerequisites

- Verify that all roles and users are correct in ASCENDER Security Administration.
- For Student-only districts, the campus must have either entered staff information in District Administration or used the Staff Import utility in State Reporting.

## I. Verify ASCENDER Data

Verify data for each element on the following pages and reports. It is suggested that you run reports first, and then use the maintenance pages to update data where needed.

**NOTE:** ORGANIZATION-CATEGORY (E1240) is the classification of the education agency according to the level of administrative and operational control granted by the state. **This is hard coded in the program as “LEA,” or “School” according to the county-district number.**
