Update data for the *StaffResponsibilitiesExtension* complex type as needed for services that occur inside the classroom.

The *StaffResponsibilitiesExtension* complex reflects the assignments for professional and paraprofessional staff only. Multiple records are required for persons who perform duties on more than one campus, assume more than one role, and/or perform more than one type of service. By definition, if no staff responsibility record is reported, the assumption is made that the person is an auxiliary staff member.

The ID is unique for each employee at the campus. The first 7-11 digits are required. The length depends on the length of the course number. The ID is automatically zero-filled when you save. When extracting from the master schedule, the class ID is set to the course number (4-8 digits) + 2-digit section number + 1-digit semester number + padding with zeros.
