Core Collection: State Performance Plan Indicator 14 (SPPI-14) Submission (Updated 2021-2022)

The State Performance Plan Indicator 14 (SPPI-14) collection is one of the TSDS Core Collections. SPPI-14 requires the state to survey special education services recipients who have left high school. This collection is intended to obtain student and parent/contact information for the purpose of sending out the Post-School Outcomes Survey to a random sample of recipients.

The following students meet the requirements for State Performance Plan Indicator - 14 (SPPI-14) reporting:

- The student was enrolled in grade level 9-12.
- The student was served by special education services in the prior year, as reported in the PEIMS Summer submission.
- The student was reported as a leaver in the PEIMS Fall submission with one of the following leaver codes: 01, 24, 88, 90, 98.

NOTE: SPPI-14 pulls data from three different sources:

- Prior Year PEIMS Summer ACCEPTED (Cannot be corrected/updated for the SPPI-14 data collection)
- Current Year PEIMS Fall (Extracted from either the first submission or resubmission)
- Current Year TSDS

Prerequisites

- Verify that all roles and users are correct in ASCENDER Security Administration.

I. Verify ASCENDER Data

Verify data for each element on the following pages.

IMPORTANT:

The State Performance Plan 14 page is automatically populated.

When using the **Student** autosuggest field to retrieve a student, any 9-12 grade student enrolled at the campus in the prior year can be retrieved. If you use the **Directory**, only students who meet the SPPI-14 requirements are listed.

Fatal Business Rule 40203-0023 - To avoid this fatal rule due to No Show students not being included in the SPPI-14 files, find these students using the **Student** autosuggest field on **Registration > Maintenance > State Performance Plan 14**. Retrieve the student, then click **Save**. ASCENDER will then bring over the data for the student's contact information and the parent/guardian's contact information.
