Update data:

Crosswalk Type Select the crosswalk table for which you want to convert data.

• The selected crosswalk table is displayed. The list can be re-sorted.

You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

A white triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending \square or descending \square order.

• A blank row is added to the bottom of the grid.

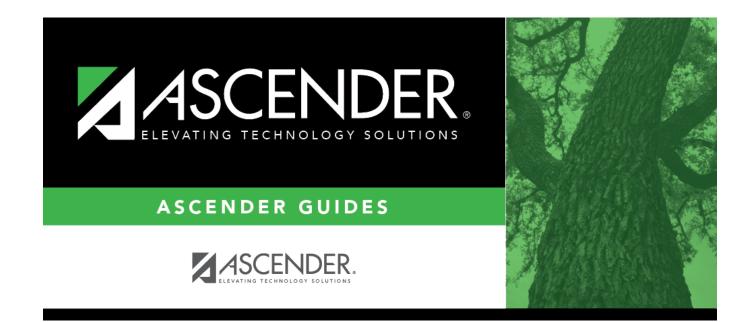

Row Nbr	The rows are automatically numbered.
From	Type the district code you want to convert.
То	Type the TEA format code to which you want to convert.
	The From and To values must be different.
