Info		
Ending School Year:	2022	
Local Program Code for Additional Days School Year:	ADP	
Local Program Code for Crisis Reporting:		
Local Program Code for Early College High School Reporting:		
Local Program Code for Pathways in Technology:		
Local Program Code for T-STEM Academy Reporting:		
Local Program Code for New Tech:		
School Year Selection		
O Current School Year (2021-2022 Extended Collection)		
O Prior School Year (2020-2021 Extended Collection)		
Programs and Services		
Additional Days School Year		
Bilingual/ESL Summer School Program		
Extended School Year Services		

If you are running the Extended School Year (ESY) services extract, all existing ESY data in State Reporting is deleted. If you are running the Bilingual/ESL Summer School Program extract, all bilingual/ESL summer school indicators in State Reporting are set to 0. After the extracts have run, all demographic records in State Reporting for students who are not coded ESY or bilingual/ESL summer school are deleted.

- Any combination of data can be extracted. Each option displays a separate error report.
- The ESY extract sets the Bilingual/ESL indicators on the State Reporting demographic record if the options are set on the student record.

If you are running the Additional Days School Year Program (ADSY) extract, when selected, this option will create the student demographic, basic attendance, and special education attendance for students participating in the Additional Days School Year Program. It will also create the staff demographic and responsibility records for a teacher with role ID 087 and 047 teaching a designed Additional Days School Year course with at least one enrolled student who is participating in the Additional Days School Year Program.

### Extract data:

Info	Ending School Year		ay only) The submission year as entered in the <b>ission Year</b> field on State Reporting > Options is yed.
