Budget Extract Automatic Crosswalks 1

Budget Extract Automatic Crosswalks

If your district maintains budget data in greater detail than the state-mandated level, the detail is summarized to the state-mandated level. The automatic crosswalks in the PEIMS extract program perform the summarization.

The state-mandated level of detail for budget data can be found in the [TEA Financial Accountability System Resource Guide](#).

The extract program will automatically make the following changes to the budget data being extracted to PEIMS:

Account Code	Description	Account Code	PEIMS Code
--------------	-------------	--------------	------------

fund

160 and < 199

199

fund

510 and < 599
